MEMORANDUM FOR: NIO/LA

FROM: DCI

It seems to me there should be a condensed, sanitized version of the attached available to State and the White House early this week for possible use in the contra fight.

This is well done and needs to be highlighted so that people on the run will get the story without having to plow through this much paper.

NOTE FOR: DCI

FROM: NIO/LA

I would like to bring this article by
ALA/Central American Branch to your attention.
I believe it to be an excellent and balanced
assessment of the political program and image
of UNO. While it proposes no solutions,
I think it lays out the problems quite clearly.
